

WHO IS DTSI?

We are the Local branch of Diversified Transfer & Storage, in business since 1988 and delivering ultra-high-quality, custom-tailored transportation services across Montana.

Do you have freight that needs to ship to hard-to-reach customers? We reach them regularly. Our drivers are top notch and are the best when it comes to safety and on-time deliveries. Shipping in rural Montana has its challenges, but DTSI takes that worry away by maintaining a fleet optimized for Montana's extreme weather, and training our drivers to be the best in the worst conditions. You can depend on DTSI to get your freight to its destination on time, on temp, and intact.

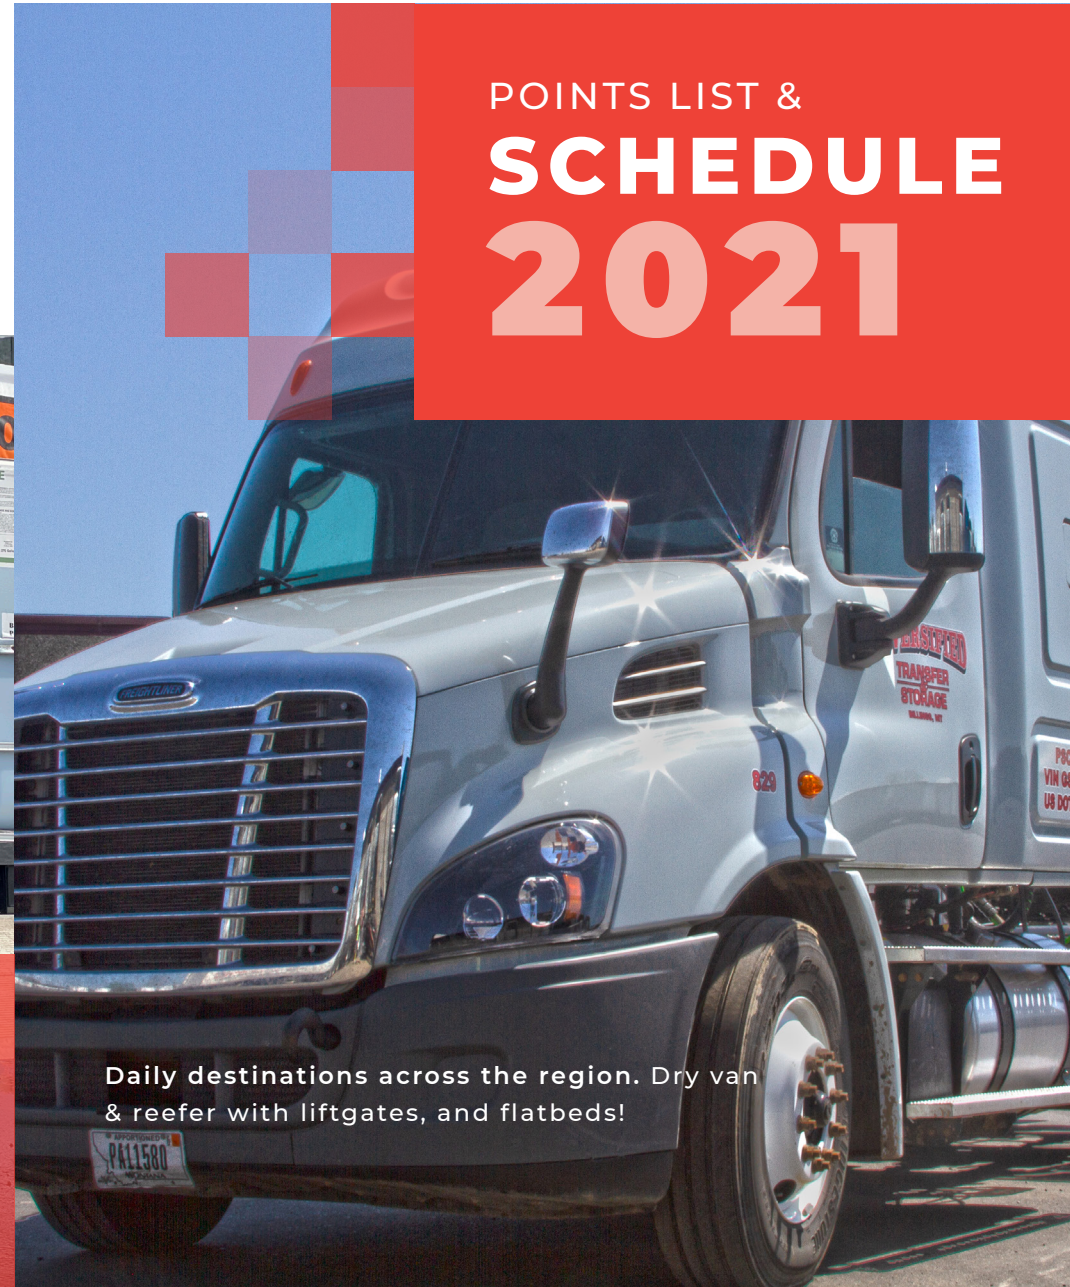

POINTS LIST & **SCHEDULE** **2021**

THE RIGHT EQUIPMENT

DTSI has the capacity and the tools to transport nearly anything you need delivered. Trust your load to DTSI, and we'll take care of the rest.

Daily destinations across the region. Dry van & reefer with liftgates, and flatbeds!

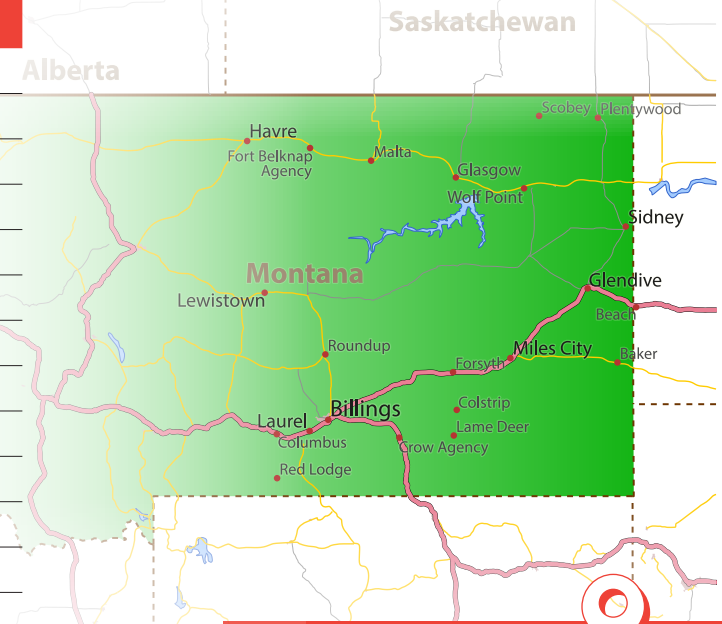

POINTS LIST

See below our current, complete list of weekly routes by city, and number of trips per week. City names marked with an asterisk (*) are only scheduled as needed to meet demand, and require a minimum charge of \$100.

SERVICES WE OFFER

Shipping with DTSI, you can sit back and let us worry about freight size and weight. We have ten tractors that include two auto-shifts for better fuel economy, passing the savings onto our customers. Our trailers include two flatbeds (48- and 28-foot), nine dry vans with lift gates (one pup, two 48', and six 53'), and one 48-foot reefer with liftgate for your food shipping needs. We also have a new high roof cargo van for residential, commercial, and hot-shot deliveries.
